

A world map with a color gradient from blue (oceans) to green and brown (landmasses). The map is centered on the Atlantic Ocean.

Doctorate activities in Geology  
Third session December 16 th, 11:00  
Salón de Actos-Geology Building

***My research stage out of Zaragoza***

***Where did I go?***

***Where will I go?***

***Where would I go?***

***(yes I would, if I could, I surely would)***

Tell us about your (future) plans for your stage in other research center(s). Why did you choose it, what do you expect to learn, etc...

Remember: 1 slide, 3 minutes
